

Registration of coaches

International Church Convention 2014

Registration of coaches for the International Church Convention

Every group representative who has ordered one or more coaches for transporting a group of participants to the ICC is asked to immediately register the coaches.

Registration

Registration is made by e-mail to busse@eventorg-nak-sued.de with the following information: **last name, first name, e-mail address, and mobile phone number of the group representative** for each coach. Note: *If five coaches have been booked, the registration must be made five times!*

Parking permits

The coach registration facility will return an e-mail to the specified e-mail address together with a parking permit for each coach. Each parking permit has an individual number and the mobile phone number of the group representative. The number is used to identify the coach, and will only be assigned once for the ICC. This number can be passed on to the passengers on a handout to allow them to subsequently find "their" coach more easily.

The group representative can then print out the parking permit(s). The parking permit must be affixed clearly visible behind the front windscreen of the coach.

Parking spaces for coaches

All accredited coaches can park on the "parking harp" of the Olympic Park. Spaces will be provided starting at parking bay P2.

Coaches arriving without a permit can only drive into the "parking harp" after a permit has been issued with the above information.

Arrival

Coaches should preferably arrive at the south barrier of the "parking harp" via the Dachauer-Straße and Sapporobogen; this will save manoeuvring around.

Parking fees

20 Euros per day, to be paid when entering.

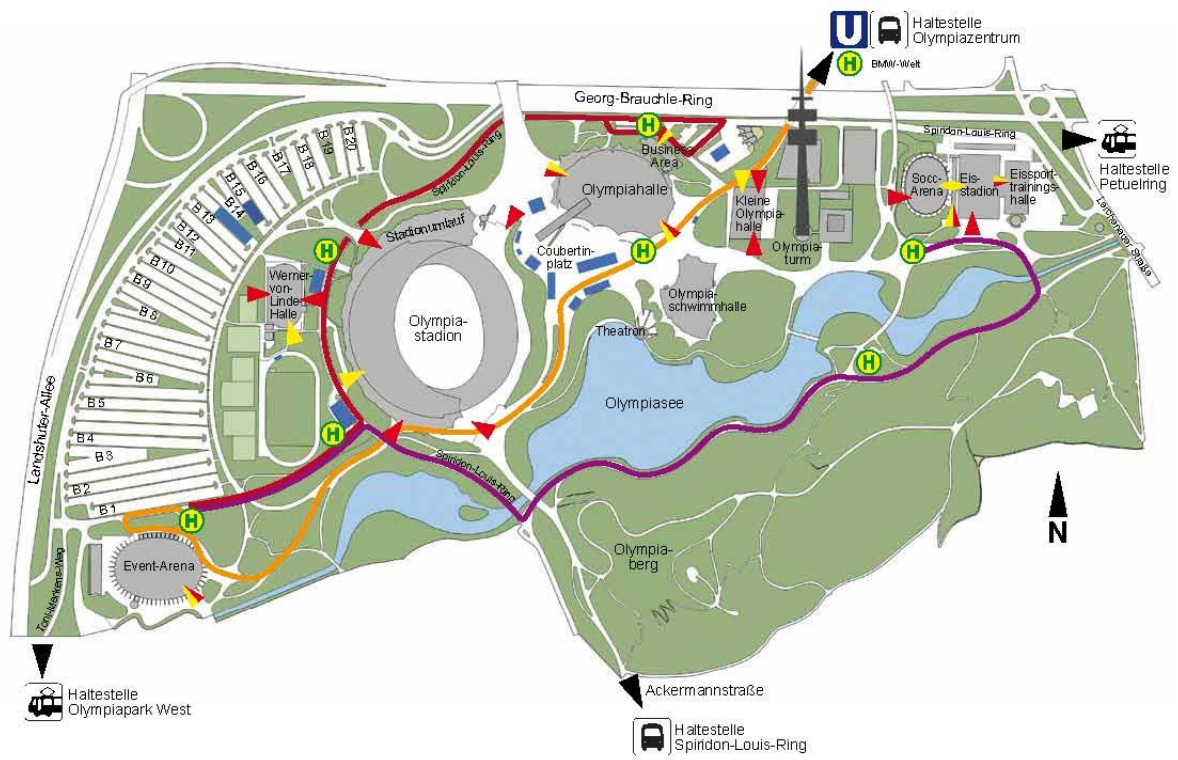

Low-emission zone

The "parking harp" does not belong to Munich's low-emission zone, and therefore a pollution badge is unnecessary.

Shuttle service on the event grounds

ICC visitors who cannot walk too well can reach the Event Arena from the "parking harp" over level access in order to board the free bus shuttle there which will bring them to the event locations.

Wheelchair users and handicapped persons can either use the bus shuttle at the Event Arena in the same manner, or be picked up by a special vehicle for the handicapped. This vehicle can be requested from the event management office: Tel **+49 89 3067-2600** or **+49 89 3067-2601**
